

# Information Sheet Product Safety

Page: 1/4

BASF Information Sheet Product Safety - No substitute for the safety data sheet !

Date / Revised: 23.02.2022

Version: 5.3

Product: **Joncryl® U 5168 X**

(ID no. 30717743/ISP\_GEN\_RW/EN)

Date of print 18.11.2025

## 1. Substance/preparation and company identification

### **Joncryl® U 5168 X**

Use: Chemical

Company:

BASF SE

67056 Ludwigshafen

GERMANY

Global Business Unit Resins and Additives

Telephone: +49 621 60-0

E-mail address: ed-psr@basf.com

## 2. Chemical nature

Aqueous dispersion of a polymer based on: polyurethane

## 3. Specific ingredients

**VOC content:**

Basis of registration: Directive 2004/42/CE of the European Parliament and of the Council organic compounds on the limitation of emissions of volatile organic compounds due to the use of organic solvents in certain paints and varnishes and vehicle refinishing products

Volatile organic compound VOC: approx. 0,3 %

Remarks: VOC content, total, calculated from volatile components

**Product Contains:**

|                              | W/W         |         |             |
|------------------------------|-------------|---------|-------------|
|                              | Lower limit | Average | Upper limit |
| 1,2-Benzisothiazol-3(2H)-one |             |         | <60,0 PPM   |
| 2-methyl-2H-isothiazol-3-one |             |         | <60,0 PPM   |

**Product does not contain:**

adipinates  
 alkylphenol  
 Alkylphenol ethoxylate (APEO)  
 aromatic amines  
 aromatic components  
 Azo dyes or pigments which, as a result of the reductive cleavage of azo groups, can form any of the carcinogenic amines listed in e.g. the "German Consumer Goods Ordinance", TRGS 614 or Directive 2002/61/EC.  
 Azodicarbonamide compounds  
 Benzophenone and derivatives  
 Benzotriazoles  
 bisphenol-derivates  
 bisphenols  
 Components of animal origin  
 Components of plant origin  
 Conflict minerals according to U.S. "Dodd- Frank Wall Street Reform and Consumer Protection Act": Sec. 1502.  
 flame retardant  
 formaldehyde releasers  
 Genetically modified organism  
 halogenated aromatic components  
 heavy metals  
 mineral oil  
 Mineral oil saturated hydrocarbons (MOSH)  
 Natural latex  
 Nitrosamines  
 Nonylphenol ethoxylates (NPE)  
 Nonylphenols (NP)  
 Novolac-Glycidylether (NOGE)  
 Organic tin compounds.  
 Ozone depleting substances  
 PBT-substance(s)  
 Perfluorinated tensides (PFT)  
 Perfluorooctane sulfonates (PFOS)  
 pesticides  
 phosphates  
 Phthalate esters  
 Phthalates  
 Polybrominated Biphenyls (PBBs).  
 Polybrominated Diphenylether (PBDE)  
 Polycyclic aromatic hydrocarbons (PAH)  
 Substances listed in regulation (EU) No 1169/2011, Annex II (substances or products causing allergies or intolerances)  
 substances listed in the candidate list acc. to art. 59 (1) and (10) of Regulation (EC) No 1907/2006  
 Substances which were produced using genetically modified organisms.  
 Substances, listed in Regulation 2011/65/EU, Annex II (previously 2002/95/EU; RoHS)  
 vPvB-substance(s)  
 The a.m. substances are not used in the manufacture of the product either as raw materials or as additives. Therefore the title product has not been analyzed for these substances. However, based on our knowledge of the composition of the raw materials and additives and the manufacturing process involved, it can be stated with a reasonable degree of certainty that the a.m. substances should not be

present in the product, except those small ubiquitous traces, which may be detectable all over the world.

#### 4. Status of registration in inventories

| Country                       | List/Inventory | Registration status                                                                                                                                                                                                       |
|-------------------------------|----------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Australia                     | AICS, AU       | Not listed.                                                                                                                                                                                                               |
| Canada                        | DSL, CA        | Contains a substance(s) that is not listed.                                                                                                                                                                               |
| China                         | IECSC, CN      | Can be purchased domestically from BASF. Please contact your BASF representative.                                                                                                                                         |
| Relevant for Regulation REACH | REACH          | Components are registered or exempted. This is valid if supplied by BASF SE or one of its EU BASF legal entities. If you purchase from a Non EU BASF company please contact your local sales contact for more information |
| Japan                         | ENCS/IS,JP     | Not listed.                                                                                                                                                                                                               |
| Korea (south)                 | ECL, KR        | Not listed.                                                                                                                                                                                                               |
| New Zealand                   | NZIOC, NZ      | Not listed.                                                                                                                                                                                                               |
| Philippines                   | PICCS, PH      | Not listed.                                                                                                                                                                                                               |
| Switzerland                   | CHEMINV,CH     | Listed or exempted.                                                                                                                                                                                                       |
| Taiwan                        | TCSI, TW       | This product contains component(s) which are not listed and not registered. If you purchase from a non-Taiwanese BASF Legal Entity please contact your local sales representative for more information.                   |
| USA                           | TSCA, US       | Contains a substance(s) that is not listed.                                                                                                                                                                               |

#### 5. Registration in product registers

| Country     | Number         |
|-------------|----------------|
| South Korea | 04-181203-0495 |

If required, notifications in other national product registers can be made on request.

#### 6. Food contact regulations

We do not recommend the product for food contact.

**For notice:** Appropriate processing conditions for the articles have to be applied. The suitability of the articles for the application concerned, including their effect on smell and taste of the food, and observance of any given limitations (for example overall migration, specific limits and other analytical requirements) must be tested and ensured in each case by the person who introduces the articles into circulation.

#### 7. Branch specific regulations

**Toy standard:**

BASF Information Sheet Product Safety - No substitute for the safety data sheet !

Date / Revised: 23.02.2022

Version: 5.3

Product: **Joncryl® U 5168 X**

(ID no. 30717743/ISP\_GEN\_RW/EN)

Date of print 18.11.2025

A statement on the new EU toy safety directive can be provided separately.

**CONEG (Coalition of Northeastern Governors, USA):**

The product meets the heavy metal limits of the above listed reference.

**RoHS Directive (2011/65/EU) and WEEE Directive (2012/19/EU):**

Meets the award criteria.

---

Vertical lines in the left hand margin indicate an amendment from the previous version.

This 'Information sheet product safety' provides supplementary information on legal as well as branch specific regulations on chemicals for our products not covered by the material safety data sheet. This information is based on our knowledge and experience at the revision date. The data in our information sheet does not imply either a warranty nor the contractual agreement on the properties of our products. A suitability of our products for a specific purpose is herewith not declared. We especially do not guarantee a suitability of our products for application in the area of medicinal or pharmaceutical use. Due to the abundance of possible influences during the usage of our products these data do not free the recipient from his own tests and experiments. If you need further product safety relevant information about our product please don't hesitate to contact the contact address above.

Partial or full publication either in printed or electronic form (e.g. via Internet) by others is not allowed without our written permission.
