BASF Information Sheet Product Safety - No substitute for the safety data sheet !

Date / Revised: 25.06.2018

Version: 1.3

Product: **Luvitec® K 85 powder**

(ID no. 30161435/ISP_GEN_RW/EN)

Date of print 18.11.2025

1. Substance/preparation and company identification

Luvitec® K 85 powder

Use: Raw material, for industrial use only

Company:

BASF SE

67056 Ludwigshafen

GERMANY

Operating Division Nutrition and Health

Telephone: +49 621 60-48434

Telefax number: +49 621 60 66-48434

E-mail address: EN-global-safety-data@basf.com

2. Chemical nature

polyvinylpyrrolidone

Name:

INCI PVP

Number:

CAS 9003-39-8

3. Specific ingredients

Product does not contain:

bisphenol A

Alkylphenol ethoxylate (APEO)

alkylphenol

AOX in amounts relevant to waste water.

Phthalates

Polycyclic aromatic hydrocarbons (PAH)

Polybrominated Diphenylether (PBDE)

Perfluorinated tensides (PFT)

Natural latex

polyvinylchloride (PVC)

Mineral oil saturated hydrocarbons (MOSH)

Mineral oil aromatic hydrocarbons (MOAH)

Substances listed in annex XIV of Regulation (EC) No 1907/2006

Substances listed in regulation (EU) No 1169/2011, Annex II (substances or products causing allergies or intolerances)

Organic tin compounds.

Substances, listed in Regulation 2011/65/EU, Annex II (previously 2002/95/EU; RoHS)

Conflict minerals or their derivatives according to DRC Protection Act, Sec. 1502

The a.m. substances are not used in the manufacture of the product either as raw materials or as additives. Therefore the title product has not been analyzed for these substances. However, based on our knowledge of the composition of the raw materials and additives and the manufacturing process involved, it can be stated with a reasonable degree of certainty that the a.m. substances should not be present in the product, except those small ubiquitous traces, which may be detectable all over the world.

Candidate List according to Article 59(1) REACH

BASF checks after each inclusion of new substances in the "Candidate List", whether our products contain such substances in a concentration above 0,1% (w/w). Should this be the case, a corresponding reference will be included in chapter 3 of the relevant EU safety data sheets within four weeks the latest. We will automatically dispatch the updated versions to all customers, which obtained these products from us within the last twelve months.

4. Status of registration in inventories

Country	List/Inventory	Registration status
Australia	AICS, AU	released / listed
Canada	DSL, CA	released / listed
China	IECSC, CN	released / listed
Japan	ENCS/IS, JP	released / listed
Korea (south)	ECL, KR	All components of this product are listed on KECI or exempted and not subject to registration.
New Zealand	NZIOC, NZ	released / exempt
Philippines	PICCS, PH	released / listed
Switzerland	CHEMINV, CH	released / listed
Taiwan	TCSI, TW	All components of this product are listed or exempted. The components are registered or preregistered or exempted from registration. This product can be purchased domestically from BASF Legal Entities in Taiwan. If you purchase from a non-Taiwanese BASF Legal Entity please contact your local sales representative for more information.
USA	TSCA, US	released / listed

5. Registration in product registers

Country	Number
South Korea	04-070319-0307

If required, notifications in other national product registers can be made on request.

6. Food contact regulations

Please contact the designated contact person with regard to questions on conformance with food safety regulations.

For notice : Appropriate processing conditions for the articles have to be applied. The suitability of the articles for the application concerned, including their effect on smell and taste of the food, and observance of any given limitations (for example overall migration, specific limits and other analytical requirements) must be tested and ensured in each case by the person who introduces the articles into circulation.

7. Branch specific regulations

Toy standard:

EN 71 - Part III (Safety of toys - Migration of certain elements)

A statement on the new EU toy safety directive can be provided separately.

CONEG (Coalition of Northeastern Governors, USA):

The product meets the heavy metal limits of the above listed reference.

Meets the heavy metal limits specified by the EU Waste Packaging Directive.:

Directive 94/62/EC, as amended by 2004/12/EC

The a.m. substances are not used in the manufacture of the product either as raw materials or as additives. Therefore the title product has not been analyzed for these substances. However, based on our knowledge of the composition of the raw materials and additives and the manufacturing process involved, it can be stated with a reasonable degree of certainty that the a.m. substances should not be present in the product, except those small ubiquitous traces, which may be detectable all over the world.

Vertical lines in the left hand margin indicate an amendment from the previous version.

This 'Information sheet product safety' provides supplementary information on legal as well as branch specific regulations on chemicals for our products not covered by the material safety data sheet. This information is based on our knowledge and experience at the revision date. The data in our information sheet does not imply either a warranty nor the contractual agreement on the properties of our products. A suitability of our products for a specific purpose is herewith not declared. We especially do not guarantee a suitability of our products for application in the area of medicinal or pharmaceutical use. Due to the abundance of possible influences during the usage of our products these data do not free the recipient from his own tests and experiments. If you need further product safety relevant information about our product please don't hesitate to contact the contact address above.
